

Fairlington Green Trash Removal Guidance

Daily Trash Pickup

Trash pick-up is scheduled for 8:00 a.m., everyday, Monday through Saturday, except holidays. Trash may be placed outside for pick-up only on the mornings scheduled for collection. Please refrain from placing trash out the night before pick-up. These bags will attract rodents and other pests and often lead to trash being spread around the neighborhood.

Trash is not picked up on the following holidays - New Year's Day, Thanksgiving Day, and Christmas Day.

Large Item Pickup

Large Item Pickup is scheduled on the first Saturday of every month. These items should be placed at the street curb, not the interior parking lot curbs.

Capitol Services, our Trash and Recycling contractor, picks up these items. Lisa Worrell at 703 998-5860, CapitolServices@charter.net, can be contacted for large pickups on other days, for a fee. Call her if you have questions about a large amount of trash when moving, or to arrange for them to take appliances containing refrigerant.

Help reduce the number of usable items that go into the landfill. Consider placing your large items on the curb early on Saturday morning in a location on the street curb that is visible so those who drive by may see the items before the trash truck hauls them away.

Hazardous Waste

Please don't throw that old paint remover down the drain or throw that can of leftover paint in with your daily trash. Arlington County has programs for safe disposal of most types of residential hazardous material. Please check out the Arlington County website <http://www.arlingtonva.us/> and enter 'Household Hazardous Material' in the site search box for complete information. The Household Hazardous Waste facility is located at the Water Pollution Control Plant, 530 S. 31st St, off S. Glebe near Route 1. It is open 9-3 on Saturdays or by appointment, 703-228-6832.

Traditional picture tubes (cathode ray tubes - CRTs) found in some TVs and computer monitors, along with thermostats containing mercury, can no longer legally be thrown away as trash. Multi-family property residents such as Fairlington Green residents can dispose of their CRTs (for a fee) and thermostats containing mercury (for free) at the Household Hazardous Material Facility.

Do not throw the new CFL light bulbs into the regular trash. These bulbs contain mercury. They need to be taken to the Hazardous Waste facility. Home Depot also accepts used CFL bulbs.

Trash Disposal When Moving Out

Please follow the community guidelines when moving out of the area. These guidelines must be followed whether a renter or co-owner.

Ensure items larger than what can fit in a trash bag are not left for regular trash pick up. If a Saturday big trash pickup day is not scheduled within 2 days of the move, these items must be disposed of properly through County facilities. If items are left to be removed by the Association's maintenance contractor, the owner of the unit leaving the trash will be charged for removal fees.

Free Paper Shredding

The Arlington County Solid Waste Bureau offers county residents free document shredding on the first Saturday of each month from 8:00 am to 4:30 pm at the Earth Products Recycling Yard, 4300 29th St. S. Residents are limited to two paper bags or 2 boxes 18x11x10. Check out the county website for restrictions.
